

Cottage Courier

April—May 2023

Welcome to our April/May Cottage Courier. I hope you have all enjoyed the Autumn season and the beautiful autumn leaves as you drive around the Macarthur area.

So with winter coming, should you be prepared for more aches and pains?

Science or myth, some people simply feel more joint pain in winter. If that's you, this may help:

Joint pain and inflammatory symptoms are affected by body weight, tissue health, hormones and inflammatory factors (Deall 2016, Lee, 2018).

Addressing these is beneficial rain, hail or shine!

- **An anti-inflammatory diet can help.** Healthy oils, nuts, seeds, leafy green vegetables and dark berries are great. Less sugar, alcohol and red meat helps too (Chehade, 2019, Goia, 2020). Anti-inflammatory 'nutraceuticals' may provide extra support.
- **Exercise and weight loss are both helpful and have been researched extensively.** A trial of patients with knee osteoarthritis found exercise and weight loss safe and effective with low risk or side effects, recommending these for all patients (Charlesworth, 2019). As little as 20 mins each day helps (Akram, 2021).
- **Yoga may help in various ways.** Stretch and movement supports circulation and delivers nutrients to fascia, easing muscle movement. Central nervous system benefits of yoga may help reduce pain perception (Akram, 2021).
- **Finally, regulating your home environment may help too.** Maintaining a steady temperature and using a dehumidifier to reduce damp may improve your reactivity to weather change.

These practical actions help support general joint health and are a great compliment to your other treatments, whatever the weather!

Elizabeth's Exciting Edit

Manager's Report

Hi all,

Are you ready to welcome another winter?!

We are excited to say that our numbers continue to grow, so help us when you see a new face at the Cottage and make them feel welcome.

Last week we celebrated National Volunteers' Week and it was refreshing to spend time with them all, seeing how much they enjoy their time in our programs. Volunteers received their 2023 badges and chocolates as a small token of our appreciation, for without their daily assistance Myrtle Cottage would not run as smoothly. We are always so grateful for their help!

Winter is here with a very cool snap so rug up and keep warm. It is also a timely reminder that the flu season is upon us and if you didn't already make arrangements, please remember that the flu vaccine is free for people over 65. Please book in with your doctor and help protect yourself along with others.

We have welcomed some new guest speakers this past couple of months and got positive feedback from members, so if you have new ideas for topics of information you want to hear about, use your consultations wisely! Or just tell us about it!

Keep washing your hands, look after your selves and each other!

Kind regards, **Elizabeth Delcasse, Manager**

Donations Received:

Donations: Sushila S \$50, Dot C \$40.30, Ann G \$35, Christine T \$10

Joke of the month

This is a Seniors version of the song "My Favourite Things"

My Favourite Things - Senior Version

Music by Richard Rodgers

Lyrics: Anonymous

Maalox and nose drops and needles for knitting,
Walkers and handrails and new dental fittings,
Bundles of magazines tied up in string,
These are a few of my favourite things.

Cadillacs and cataracts and hearing aids and glasses,
Polident and Fixodent and false teeth in glasses,
Pacemakers, golf carts and porches with swings,
These are a few of my favourite things.

*When the pipes leak, When the bones creak,
When the knees go bad,
I simply remember my favourite things,
And then I don't feel so bad.*

Hot tea and crumpets, and corn pads for bunions,
No spicy hot food or food cooked with onions,
Bathrobes and heat pads and hot meals they bring,
These are a few of my favourite things.

Back pains, confused brains, and no fear of sinnin',
Thin bones and fractures and hair that is thinnin',
And we won't mention our short shrunken frames,
When we remember our favorite things.

*When the joints ache, when the hips break,
When the eyes grow dim,
Then I remember the great life I've had,
And then I don't feel so bad.*

Craft Activity

How to Make a Star Bow for Gifts

What you need

- the star bows template guide {free printable for this below}
- a sheet of computer paper
- scissors
- a sheet of cardboard {shoebox kind of cardboard I've found to work best}
- a pen or Sharpie marker

Instructions

Step 1: Print a Star Bow Template Guide

Cut out the desired flower-shaped template including the hole in the center.

Place the star bow template guide on the cardboard. Trace around it {including the hole in the center} with a pen or Sharpie marker.

Cut the cardboard template out {including the center hole}. Discard the center hole.

Finally, number each "petal" on the template as indicated on the template guide. The template is now finished.

Since it would take a bunch of photos and a lot of possibly confusing writing to illustrate how to make the bows, I instead just add the link to a video to demonstrate it. Happy watching!

<https://measuringflower.com/star-bow/>

A Note About the Ribbon

How much ribbon you'll need for each bow depends upon which size bow you're making, how puffy you want the bow to be, what kind of material the ribbon is made of, and how thick the ribbon is. Here's a rough estimate {I'd recommend getting 1/2 to 1 whole yard extra just in case}:

Small Bow {3 inches} — approximately 3-1/2 yards

Medium Bow {4 inches} — approximately 4-1/2 yards

Large Bow {5 inches} — approximately 5-1/2 yards

Bell Program

Please Note: The Bell Program operates Monday, Tuesday, Wednesday and Friday for Campbelltown, Wednesday and Thursday for Camden. This program is specifically designed for people with Dementia. The article below relates to this only.

Hi everyone,

Our new staff photo Myself, Penny, Diana, Sue and Sharny, as you can imagine everyone doing different programs and shifts its not easy getting a photo of everyone. We have staff that work on Outreach and Flexible Respite at times Natalie, Melynda, Rachel, Jo, Debbie and Cathy.

Hope you are all coping with the weather change, we have had some really cold days. Even some snow in the southern Highlands.

The outings this program will be on the 17.5.23, 8.6.23 and the 17.6.23 if weather permits we will try to go to the **Botanic Gardens** or other parks in area, but if not, we have a few places we can visit, for a lovely lunch.

the invites in the near future.

I am working on carer 's visits as, I would like to invite carers that are interested to visit the program. I understand s o m e m e m b e r s may not be able to tell you all about their day at the Cottage. I will send out

Also, would like to ask you all to pass on our contact information to anyone that may be interested in volunteering at Myrtle Cottage. There are many options for anyone interested. We will be moving our outreach program into the new premises at Spring Farm soon, so a f e w volunteers in that area would be great.

Our last outing was to **Tahmoor Inn** the members especially liked this venue.

We have introduced some new activities for the afternoon program. They are having a lot of fun and laughter with the remote-control cars.

Bye for now

RECREATION PROGRAM

NEWS FROM THE WANDERERS

Connie and Penny

Please Note: The Recreation Program operates Friday & every Saturday for people aged 18 to 65 years with a disability. The article below relates to this only

Hello to all our Wanderers

Aqua Golf at Penrith driving range is a great spot for activity for all ages. We enjoyed the spectacular views of the Blue Mountains on the other side of the water. We don't just play for fun, we hope to win some of the prize money. Lots of laughter

and good spirits. None of us had a good aim on the day! A hole-in-one could win you up to \$500! Better luck next time.

Dairy Road Alpacas at the Oaks: Lyn and Peter have been breeding Alpacas for years now. They make quality products, and can be found on the outskirts of Sydney. We were

thrilled to touch and feed the Alpacas. Members purchased Alpacas scarves, beanies, hand mittens and so much more.

Science Space Museum at Wollongong are the only

dedicated science experience in NSW. They are a place where anyone, young or old, can come and see how science and technology discoveries have become a reality. We played a musical instrument that had no strings. Fun times using tubular thongs, for a moment I thought we were great musicians. LOL

The Bradman Museum and International Cricket Hall of Fame is set in the beautiful surrounds of Bradman Oval. On this cold day

we had a quick look at the oval and spent most of our time inside the museum looking at old footage from the 70's and 80's. There is so much more at the museum since we had last visited.

Members enjoyed going to various places during the last two months, like Austinmer Beach for fish and chips, Towradgi Beach Hotel, Moorebank Sports Club and the Equestrian centre.

Until the next newsletter.

Bye for now Penny and Connie

“It’s your reaction to adversity, not adversity itself that determines how your life’s story will develop.”
— **Dieter F. Uchtdorf**

Isn’t it a beautiful reminder for all of us to look at life positively!!

Winter might not be the favourite season for everyone, but look at the opportunity it opens up to all of us. It allows us the time to enjoy some long-forgotten things and get some of the long overdue things done.

Many of our Linkline members are facing some challenging changes in their lives, which has made the afternoon group a bit quiet. We miss you all and our chit-chat and laughter together. Winter might have aggravated some physical and mental health condition for many of us. Cold weather, longer nights, darkness might make us feel a bit down. How about we think what opportunities it is opening up for us!

We got offered some more time in winter to listen to music and sing along, we even can try dancing without falling :-D. No one’s there to laugh at you, isn’t it relaxing? You might be interested to go back to your knitting, crocheting, hand embroidery, painting, drawing and more. Many of you might have been longing to do those for a long time but your busy schedule did not allow you for quite some time, and eventually you have forgotten about those. Bring your skills back, learn the skills you wanted to learn as a child, reweave your dreams ... it is never too late.

Some of you might like to take the time to declutter your home and redecorate it, make some more space to move around. If you like doing some admin

tasks how about you sort your paperwork and get everything labelled and tidy. You may shred the unwanted paper and use them as mulch in the garden. It is a great way of recycling. How about candle light dinner for yourself or with a friend. More time to catch up with friends and family. I am sure they will love it too.

Linkline calls run every afternoon from 1.30 to 2.30 pm except for Thursday. Please refer to anyone who might be interested and benefit by this free service. Don’t forget to keep an eye on the outing list. Best way to get out and about in this winter and have fun.

Speak to you all soon. Stay happy and warm.

Hello everyone and welcome to the April-May newsletter.

We just finished celebrating **National Volunteer Week** 15-23 May 2023. It is something to celebrate beyond our organisation and country. Helping others knows no bounds. One act of kindness keeps going for ever. Especially, in this digital era we can help out people all over the world from within our four walls. We take the formal opportunity to acknowledge and appreciate the hard work and dedication of all the volunteers throughout this week. You guys are amazing in whatever you do and, the encouragement and enthusiasm you provide to the programs and community is beyond measure. We are fortunate to have all these volunteers from all walks of life. Keep up your great work!!

As you all know, we are in flu season and the cold weather may aggravate some health conditions. Please look after yourselves and notify the Cottage

as soon as possible if there is any change in your daily routine. It allows us to have some time to find enough support for the programs.

THE CHANGE MAKERS WEEK

Nomination follows the volunteer week closely, and we would like to highlight the amazing work our volunteers do to the broader community. Please pick up a Volunteers Nomination slip kept near the volunteer sign in sheet and fill it in. Nomination ends by mid -June.

We are eagerly looking for some new addition to the volunteer team and word of mouth is the best possible mean to attract some new

volunteers. Please spread the word and take some leaflets. One of our volunteers, Allan H has been making a great effort to put the leaflets up on different notice boards to attract some new members to the team. We appreciate his effort and hope the others will be encouraged by him 😊 .

Thank you all again. Stay warm and healthy in this winter and always.

FROM THE KITCHEN

Jo

Greetings from the kitchen,

The last couple of months have been very busy for the kitchen ... we have packed for many picnics and BBQ outings for all programs, DT enjoyed morning tea on the lawn and cooking classes, and we have celebrated **Australia's Biggest Morning Tea and Volunteer's Week**.

I would like to thank each and every one of my kitchen Volunteers for their tireless efforts and hard

This has been a wonderful experience, and they leave us with new knowledge and baking skills, while learning the day to day running of a commercial kitchen.

We receive so many requests for our recipes, which is extremely encouraging and rewarding. Please do not hesitate to bring any comments, suggestions or complaints to us. All feedback is welcome and contributes to our future menus and baking.

I have included a family favourite as the recipe for this issue. It does not have a name (we call it Balls), but is very easy to make, has few ingredients and is a great winter warmer. It will feed a family of 4 with leftovers.

BALLS

INGREDIENTS :

- Meatballs, either roll your own or purchase from Woolies or Coles
- Sliced mushrooms (2-3)
- 2 Rashers of bacon, chopped
- 2 jars of pasta sauce, any flavour

METHOD :

Lightly Fry the meatballs and place in a casserole dish

Fry up the bacon and mushrooms and add to dish

Pour pasta sauce over the top and place in the oven for around 20 min 200°C

Serve over pasta

Health and Wellbeing

Wellbeing Tips for Elderly people during Autumn

As the days become colder and shorter during Autumn, it is important we know how to take proper care of elderly people and keep their wellbeing and diets healthy.

Ensuring their living spaces are warm and tidy

- To escape the cold weather, ensure the heater or fireplace is working to keep their house warm.
- Also, ensure to check the surroundings of the house and look for fallen leaves as these could be a potential hazard and cause falls and injury.

Layering clothes and having proper footwear

- With Autumn's fluctuating temperatures, it is important to layer up with lighter sweaters and jackets to avoid colds.
- It is also important to check that elderly people have proper footwear that are in good condition with soles that are sturdy and have plenty non-skid traction. This is to prevent any types of slips and falls and keep them safe in and outside of their home.

Keeping elderly people active and getting enough

sleep

- To keep immune systems strong and illness-free during this season, it is important for elderly people to get enough exercise and sleep. This can be easily achieved through daily walks and stretching.

Look out for signs of seasonal depression

- Elderly people are at more risk of getting seasonal depression during Autumn, and isolation indoors could lead to signs like loss of appetite, chronic fatigue, poor sleeping habits etc.
- Don't forget to keep yourself hydrated during Autumn!
- Some alternative other than water could include, herbal teas and vegetable or fruit juices.

Ways in trying to minimize effects of seasonal depression include encouraging exercise, eating plenty of fresh fruits and vegetables along with spending quality time outdoors and indoors.

Too often, the opportunity knocks, but by the time you push back the chain, push back the bolt, unhook the two locks and shut off the burglar alarm, it's too late.—
